

UNIVERSAL TWIN LABS

Relationship Beyond Business

Redefining essence of purity,
efficacy and convenience through
innovation in Dermal Care Products.
UTL's determination to develop,
manufacture and market quality
products that match the best in
pharma industry, reflects in the rising
acceptance in the market.

UTL is a people oriented organization dedicated to innovate, manufacture and market high-quality healthcare products that enhance the quality of human life all over the globe. The team of highly qualified and experienced people looks in to the administration, marketing, maintenance etc. helps to gain an edge over the others in the market.

UTL is focused on increasing the momentum in the generic business in its key markets through organic and inorganic growth routes. Growth is well spread across geographies with focus on developed and emerging markets. It is the Company's constant endeavour to provide a wide basket of generic and innovative products at affordable price because we believe that access to quality healthcare is a right, not a privilege.

UTL is a progressive manufacturing company dedicated to the topical preparations viz. Creams, Ointments, Gels, Lotions and Solutions. UTL is also targeting to expand its wings subsequently in to various other dosage form sections.

OUR CORE VALUES

Synergy

The whole organization working as a team is stronger than the sum of its parts.

Trust

An organization built on trust is a better place to work in and is more likely to produce results in the long run.

Competitiveness

Desire to perform better than competitors by challenging oneself to attain new heights.

Openness

Willingness to share information and discuss differences within the organization.

Integrity

Always speak the truth, fulfil expectations and keep promises.

Discipline

Adherence to prescribed regulations, proper conduct and action maintained by correction and training.

Creativity

Thinking of new ideas and new ways to add value to our organization.

Quest for excellence

Desire to be the best and be recognized as 'the best'.

The state of the art GMP certified plant of UTL was commissioned in the year 2007 at Baddi (H.P.).

Nothing is Forever.

WELCOME

CLEAR SKIN

Indications: Reovate MF Cream is a combination of Betamethasone, Lactic Acid, Salicylic Acid, Sodium Lactate and Urea which treat eczema and psoriasis. Betamethasone is a steroid which blocks the production of certain chemical messengers (prostaglandins) that make the skin red, swollen and itchy. The other ingredients are keratolytic which break down keratin clumps, remove dead skin cells and soften the skin. They also enhance the absorption of Betamethasone into the skin.

Pack Size: 15g

Reovate-MF

OINTMENT

Betamethasone + Urea + Salicylic acid + Lactic acid + Sodium Lactate
