MISSION

With more than 8 years of experience in the retail and wholesale markets, we shifted our attention to the sea of business into the Pharmaceutical Exports. As a result in the year 2013 Aashirwad Exports was established as a Pharmaceutical Export Company with a very small capital. Since then, with a vision of sincere business and an honest attitude, our company has seen gradual and steady growth.

Our main preference of maintaining good relations and giving the best service to our customers paid off. This journey of growth and success is going on. We aimed for bulk exports. After bulk exports, we established ourselves as a successful merchant exporter and so on, Aashirwad Exports, transiting from a small firm, has now grown successfully to Aashirwad Pharma International Private Limited. We have always followed good Practice of providing reliable service and maintaining honest relationship with our customers.

VISION

India for the past many years have established itself as a centre of manufacturing of High Quality and most Affordable Generic prescription drugs and other pharmaceutical formulations. The laws and regulations and the low cost of labour and other factors have facilitated the low cost of production while maintaining high quality and the government liberal policies in favour of pharmaceutical exports has opened up new ways for growth. Thus, we have a vision for a business to take advantage of these factors for manufacturing international quality pharmaceutical products and exporting these products in the world market at a competitive rate.

APIPL's commitment is to serve the cause of the ailing millions by constantly leveraging scientific knowledge and technical expertise to introduce high quality, cost-effective advanced formulations embodying the spirit of quality care and a reliable cure. We intend to achieve our goal by partnering with our esteemed overseas clients along with their expertise and growing faster.
